

Daniel Wu

310-882-9715 | wuscdaniel@ucla.edu | [linkedin.com/in/wuscdaniel](https://www.linkedin.com/in/wuscdaniel)

EDUCATION

University of California, Los Angeles (UCLA)

Los Angeles, CA

B.S. in Computer Science | GPA: 4.0/4.0

Sep. 2025 – Jun. 2029 (Expected)

- **The SAF Scholarship:** Recipient of a prestigious full-ride merit scholarship from the Singapore Armed Forces, awarded to fewer than 5 individuals annually to cultivate future senior military leadership.
- **Relevant Coursework:** Data Structures and Algorithms, Linear Algebra, Multivariable Calculus.

Hwa Chong Institution

Singapore

GCE A-Levels | Rank Points: 90/90

Jan. 2018 – Dec. 2023

EXPERIENCE

LA CTF (UCLA ACM Cybersecurity)

Los Angeles, CA

Infrastructure Organizer

Sep. 2025 – Present

- Developing infrastructure for one of the largest student-run Capture The Flag (CTF) competitions.
- Architecting scalable challenge deployment and scoring servers to support thousands of concurrent participants.

Digital & Intelligence Service (DIS), Singapore Armed Forces

Singapore

Cyber Threat Intelligence Analyst

Jan. 2024 – Aug. 2025

- Developed OSINT→TTP pipelines (Python + LLM-assisted parsing) to map behaviors across sources; produced ATT&CK-style heat maps and temporal views for faster pattern recognition.
- Engineered robustness (fault-tolerant crawlers, structured outputs, QA checks) and comparative evaluations to keep precision/recall high and reduce manual review.

Hwa Chong Infocomm & Robotics Society

Singapore

Cybersecurity Wing, Challenge Designer

2018 – 2023

- Designed challenges for **Siebrsec CTF** (500+ participants; supported by DIS, DSO, Smart Nation).
- Placed **top 10** out of 4300+ participants at **Brainhack CTF** in 2022 and 2023; submitted write-ups across forensics, web, and OSINT challenges.

Tenopy (Ed-Tech Startup)

Singapore

Full-Stack Developer

2021 – 2022

- Contributed to a new online classroom across **Node.js/React** and backend services, from wireframes to production features.
- Shipped responsive, maintainable UI with attention to accessibility and classroom reliability.

LEADERSHIP & AWARDS

Officer Cadet School (OCS) – Digital and Intelligence Service (DIS)

Singapore

Sword of Honor (Valedictorian), Best in Knowledge (Cybersecurity)

Jan. 2024 – Dec. 2024

- Led a platoon of 80+ cadets; facilitated training on various cybersecurity topics.
- **Awarded Sword of Honour** (Top graduate) and **Best in Knowledge** for outstanding technical performance.
- Completed 9 months of intensive expertise training in **Computer Networks**, **OS Internals (Linux)**, **ICS/OT**, and **Penetration Testing**.

Project Integrate — Community Leadership

Singapore

Project Head

2020 – 2021

- Led initiative to foster inclusion of migrant workers in Singapore; awarded **Best Project** among **100+** cohort projects.
- Architected and deployed the initiative's official website to drive fundraising and awareness campaigns.

PROJECTS

- Computer Vision for Surgical Tool Verification** | *Python, OpenCV, TensorFlow* 2022 – 2023
- Co-authored research with **Dr. Tang Kok Zuea (NUS)** improving efficiency of surgical instrument checks.
 - Reduced verification time by **98%**; **Bronze** at Singapore Science & Engineering Fair (SSEF).
- EatBah** | *iOS: Swift/SwiftUI, Firebase, MapKit* 2022
- Prototyped an iOS marketplace connecting food vendors with nearby consumers to reduce food waste.
 - **2nd Runner-up**, SUSS SBIZ Business Plan Competition.
- Self-Sorting Recycling Bin** | *Arduino, Sensors* 2023
- Designed and built a sensor-driven prototype bin using sensor fusion to reduce contamination in recyclables.
 - **Top 5**, NTU Young Innovator Challenge.

TECHNICAL SKILLS

Languages: Python, C++, JavaScript, Swift, SQL
Frameworks: React, Node.js, Flask, FastAPI, SwiftUI, Firebase/Firestore
Developer Tools: Linux (CLI), Git, Docker, Bash, VS Code, Xcode
Security/Networking: Cryptography, Wireshark, Scapy, nmap, Volatility, Penetration Testing, ICS/OT
Data/ML: TensorFlow, OpenCV, pandas, NumPy, scikit-learn
Hardware: Arduino, Sensors and Breadboard Wiring
